

Contact information

- Inquiries regarding BS membership for Ph.D. students, postdocs or permanent residents of developing countries should be sent to:

Sebastian Engelke (Membership Secretary)
sebastian.engelke@unige.ch

- Inquiries for regular or retired BS memberships should be sent to:

Margaret de Ruiter-Molloy (Membership Officer)
m.deruitemolloy@cbs.nl

Write it down in your diary

Forthcoming meetings sponsored or organized by the Bernoulli Society

2024

- 42nd Finnish Summer School on Probability and Statistics, Lammi, Finland, May 27-31, 2024
- 2nd Joint Conference on Statistics and Data Science (JCSDS), Kunming, China, July 12-14, 2024
- XXVII Brazilian School of Probability, Salvador, Brazil, July 10-14
- 64th World Statistics Congress in Ottawa, Canada, August 12-16
- BIRS Workshop on Causal Inference and Prediction for Network Data, Banff, Canada, August 18-23

2025

- 44th Conference on Stochastic Processes and their Applications, Wrocław, Poland, July 14-18
- 65th World Statistics Congress, The Hague, October 5-9

Join the Bernoulli Society

2024 Membership Invitation

As incentives to become a member, the Bernoulli Society offers:

- 60% fee reduction for
 - Members from developing countries
 - Retired persons and couples
- 50% fee reduction for
 - First year of membership
 - First two years of postdoc from developed countries
- Option to become a life member
- Option to become a joint member of BS-IMS at a reduced rate
- Option to become a joint member of BS-IMS-ISI at a reduced rate (for ISI elected members)
- All the above receive full benefits of a regular member

If you are already a member, encourage your colleagues, postdocs and PhD Students to join the Bernoulli Society

www.bernoullisociety.org

About the Bernoulli Society

- **Founded in 1975** as an Association of the International Statistical Institute, one of the oldest scientific associations operating in the modern world
- Aims to **advance the sciences of mathematical statistics and probability** and their applications to increase natural knowledge and the welfare of mankind
- Has **members representing nearly 70 countries** from all the continents, and offers attractive joint membership schemes with other societies such as IMS
- Sponsors or co-sponsors **leading journals**, including Bernoulli and Stochastic Processes and their Applications
- Organizes or sponsors **prominent international meetings and awards**
- **Advocates** for mathematical statistics and probability within the broader academic context and beyond

Publications and meetings

- **Official journals:** Bernoulli and Stochastic Processes and their Applications
- **Co-sponsored journals:** Electronic Communications in Probability, Electronic Journal of Probability, Electronic Journal of Statistics, Latin American Journal of Probability and Mathematical Statistics, Probability Surveys and Statistics Surveys
- **Newsletters:** Bemoulli News, published twice yearly and providing detailed information, and Bemoulli e-Briefs, a bimonthly succinct electronic newsletter
- Organises and sponsors **international meetings** with a proud tradition, such as: Bemoulli-IMS World Congress in Probability and Statistics, Conference on Stochastic Processes and their Applications, European Meeting of Statisticians, ISI World Statistics Congress, Latin American Congress in Probability and Mathematical Statistics, European Young Statisticians Meeting

Why join the BS?

- Building and maintaining connections across the **worldwide network** of statisticians and probabilists
- Ensuring the **vitality of representation** of statistics and probability within academia and beyond
- Receiving **expertise and support** in organising academic events and disseminating them

Membership benefits

- Receiving the **Bernoulli News** and the bulletin Bemoulli **e-Briefs**
- **Reduced registration fees** for meetings organized/sponsored by the Society
- Eligible for awards and distinctions for **young researchers**
- **Online access** to Bernoulli and to Stochastic Processes and their Applications
- **Reduced subscription rates** on several journals in probability and statistics
- Receiving a **10% discount on SpringerBriefs**
- See more benefits on the webpage!

Membership application and fees

- Full members: 84€
- First year of membership for members from developed countries: 42€
- Members from developing countries, early postdoc years, retired members: 34€
- Joint BS-IMS membership: \$154
- Joint BS-IMS-ISI membership (only for elected ISI Members): 189€
- PhD Students: 30€(developed countries), 12€(developing countries)
- Life membership: see webpage
- Application forms & further info: www.bemoullisociety.org/membership
